CHARMING HOME WEDDING

S. FRED DIXON AND MISS LILLIAN GOOLSBY UNITED IN MARRIAGE

Event Witnessed by Large Number of Friends—Couple Left For Houston to Reside.

An ideally charming home wedding was that of Miss Lillian Goolsby and Mr. S. Fred Dixon, of Houston, which was solemnized at 5:30 o'clock yesterday afternoon in the presence of a large number of relatives and friends.

The large and handsome rooms of the reception suite were fragrant with the dainty perfume of hundreds of lilies of the valley surrounded by feathery maiden hair ferns.

Promptly at the appointed hour the sweet familiar strains of the Lohengrin wedding march floated through the rooms skillfully played by Miss Frances Mattox. Pretty little Alice Morris, niece of the bride, wearing an airy lace trimmed white frock, entered carrying a basket of lilies to the valley which she scattered in the pathway of the bride and groom.

The bride and groom entered the parlor and took their station before Rev. E. H. Casey who performed the beautiful ring service of the Methodist church, during which Miss Mattox played softly Nivins' "Rosary."

After hearty congratulations, delicious cake and heart shaped ice cream was served after which came the cutting of the wedding cake, cut by the bride. It was a large heart shaped cake, baked by a friend of the groom's in Houston, fulfilling a promise made him four years ago to bake his wedding cake.

The bride looked charming in an exquisite three piece coat suit of Alice blue imported pongee, the net waist was trimmed with embroidered pongee touched with silver which she wore a French hat of fine gray straw trimmed with blue, gloves and shoes to match, she carried a large bouquet of lilies of the valley and maiden hair ferns with broad white satin ribbon.

The bride is the youngest daughter of Mrs. W. H. Goolsby and is of a dainty blonde type and is never more beautiful than on her wedding day. She is of a lovable disposition and charming personality and has been one of Greenville's most popular young ladies ever since her debut. She is a member of the Music club, the Five Hundred club, the Bachelor Girls and the Entree Nows, and has been very prominent in society and her countless friends regret her departure for Houston where they will make their future home and send with her loving wishes for a bright and happy future.

Mr. Dixon is a well known young business man of Houston associated with his brother in the wholesale grocery business and he has figured prominently a number of years in the business and social life of that city and made a most pleasing impression on those who met him here.

The presents displayed in the dining room were of great number and rare beauty, among them was a magnificent chest of silver from the brother of the groom.

Mr. and Mrs. Dixon were accompanied to the station by a large crowd of young people and departed amid a shower of rice and good wishes.

Out of town guests were L. K. Dixon and wife, Houston; Miss Lucille Ware, Manor, Texas; Mr. and Mrs. Sam Neathery, McKinney; Miss Frances Bryant, Whitehouse.

IN PROVINCE OF AVELINO

THE DAMAGE BY EARTHQUAKE WAS VERY HEAVY.

Death Occur at Valatra and Earth Rumbblings Felt in Other Sections of Italy—Rescue Work.

Naples, Italy, June 7.—A severe earthquake caused a number of deaths and much property damage in central Campania early today. The disturbance appears to be centered in the province of Avellino.

Telegraph wires were torn down and communication with the affected district is broken.

Meager information received this forenoon indicates the greatest damage done at Calitri, Avellino province. Calitri is said to have been half destroyed and twenty people are reported to have been killed there.

Other deaths occurred at Valatra, nearby and its feared fatalities will be reported from other villages which, for a time, are cut off from communication.

The shock occurred while the people were still in their beds. Many houses at Calitri tumbled, burying the occupants in the ruins.

Those who escaped death or serious injury, fled in terror from their homes and into the country. Troops were dispatched from all quarters into the affected district as soon as the loss of life and property damages became known to the government and officials of nearby cities.

News from Salerno, at the head of the Gulf of Salerno, thirty miles southeast of Naples, is to the effect that the shock was distinct there and caused considerable damage. Details are lacking.

RESCUE WORK IN CALITRI.

Premier Luzzatti Dispatches Troops and Physicians.

Rome, Italy, June 7.—According to reports received by the government, Calitri suffered seriously from earthquakes and it is said that about twenty people were killed. The number injured is not given. Shocks were felt in Valatra, but so far as known no one was killed there.

At San Sossò, another village of 2500 inhabitants, several houses fell and a number of people were injured, but so far as learned, no deaths occurred.

As soon as the news of the disaster were received here, Premier Luzzatti ordered the concentration of troops in the zone where the shocks were felt. He took personal direction of the work of rescue. He also sent the general inspector of health and a corps of medical men with ambulances to the scene. Premier Luzzatti, at once forwarded \$10,000 to the prefect of the province of Avellino.

The shocks were first felt in the departments of Basilicata, Calabria, and Sicily. Although centered in the province of Avellino it extended throughout the provinces of Benevento, Campobasso, Caserta and Naples. Panic was created at Torre Annunziata and Torre Del Greco where the population live in constant fear of the eruption of Mount Vesuvius. Reports from Basilicata say the shock was felt severely at Potenza.

Similar reports come from Paola and Catanzaro in the compartment of Calabria and from Palermo on the northern coast of Sicily.

The king, accompanied by Queen Helena, left Rome for Avellino on a special train this afternoon. Her majesty insisted on going with the king. The sovereign left amid a great public demonstration.

TAFT SENDS MESSAGE

WANTS RAILROAD MEASURE EFFECTIVE IMMEDIATELY.

As it Stands Bill Will Not Be Effective For Sixty Days.

Washington, June 7.—President Taft today sent a special message to congress in which he recommended that the clause in the new railroad bill, which gives the interstate commerce commission power to investigate and suspend the increased rates filed by the railroads, be modified so as to take effect immediately upon the signing of the act.

As it stands in the bill the provision would not take effect for sixty days. The president bases his request upon an agreement he reached with the railroads on yesterday, whereby they agreed to withdraw all the increased rates until a new law is signed.

AID TEXAS SHIPPERS.

Big Saving Made by Prevention of Rate Advance.

Anah, Tex., June 7.—The agreement reached by President Taft and the railroads last night at Washington, as announced by today's press dispatches, means a saving of about \$10,000,000 in freight rates to Texas shippers. This was the estimate placed by the railroad commission on the 10 per cent horizontal increase in rates to Texas common points from interstate points, which was to have been put into effect. As the agreement means that all proposed advanced rates are to be withdrawn, the rates to Texas points are included.
